

## Line Ups

The safety of pupils is of the upmost importance. It is therefore imperative we action line ups to avoid a mass entering into the school and any dangerous behavior that may occur as a result. The lineup protocol ensures a safe and orderly transition to lessons so all pupils can start their lessons correctly

- At the beginning of the day and end of lunch time a bell will sound.
- Year 7-9 will line up in their tutor groups or, in the afternoon, their teaching groups in the MUGA.
- Staff should be present by 8:45 and 13:30 respectively.
- It is a student's responsibility to get to the lineup quickly and stand in silence.
- If students are not in the line, in silence and in correct uniform, they will receive a negative point logged on bromcom. This includes talking, turning around, eating/drinking, having drink bottles out, incorrect uniform etc.
- Students who are late in the morning will receive a 30 minute academy detention.
- Once every child is standing straight and in silence, teachers will lead their class in single file to the classroom in an orderly fashion.
- Teachers will then greet their class into the room to start the DNA in silence.
