Monday 2nd November

Year 7 and 8 Literacy and Numeracy Online Evening – Wednesday 18 November 5:00pm – 5:45pm

Dear Parent/Carer

Parents and carers of all Year 7 and Year 8 students are invited to attend this online event, via Zoom. There will be a presentation by English and Mathematics teachers in which they will provide essential information about how we teach and assess literacy and numeracy. Advice will be given about supporting your child with their learning.

The main aims of the evening will be to:

- help parents understand how they can help their child and support the work we do at school to develop literacy and numeracy skills.
- Explain our whole-school strategies for developing literacy and numeracy, which stretch far beyond the teaching in English and Mathematics lessons.
- Give some practical ideas about how you can support your child with improving their literacy and numeracy skills.

We hope that you can join us for this event. Please respond to this email to confirm your attendance so that a link to the event can be sent.

Unfortunately, we do not have sufficient space to accommodate students in the presentation, albeit online, so please ensure that you are only logging yourself on to the session.

Yours faithfully,

Jeneve Bailey
Assistant Principal
