Inspiring
Faces!

Be Creative

Use anything you can find around the home to make a creative face. The crazier the better!

Tin Foil Sculptures

Be Creative

Use ordinary tin foil to make your own sculpture.

You could try to make a human model....

or maybe a creature!

Stop Motion Animation

Be Creative

Stop Motion Animation links lots of photos of your models together to create a film.

You can use anything from around the house to create the characters for your film, and then use free Stop Motion Studio app to take the photos and link them together in your animation.

To find out more about how to make your own film, have a look at this step-by-step guide:
