

Ark Charter Academy

December 2019

Dear parent/carer

Supporting Your Son / Daughter's GCSE Preparation

To support your child in closing the gaps in knowledge and to develop the exam skills needed to increase his/her grade we will be providing after school intervention lessons on each day of the week. These lessons have been planned by Heads of Department to specifically close the gaps in learning that the mock exams have shown for each individual student.

Attendance to these lessons is therefore compulsory. They will run from 3.15pm to 4.05pm. I am sure that like us you wish your son/daughter to achieve the grades needed to access college places next year and that you will support us in ensuring full attendance at the period 7 interventions at the end of the day.

All interventions will begin at the start of December

The full schedule for period 7 lessons will be placed on to the school website but an overview is shown below:

Monday – option subjects

Tuesday – Science

Wednesday – Maths

Friday – option subjects

Please note that additional lessons to increase your child's grade in English will run at the start of the school day. From 8.45am to 9.15am your son/daughter has an English lesson. This takes place every morning except for Monday which is the year group assembly.

I look forward to meeting with you during the next few weeks as we begin GCSE preparation meetings with parents. More information regarding this will be released in the next two weeks.

Yours sincerely,

Ms G. Stewart
Associate Principal
